

Report on the Working of the Mayo College 1933-34.

1. Management.—The General Council of the College met twice during the year under report, *viz.*, on November 28th, 1933, and April 6th, 1934. In the unavoidable absence of the President His Highness the Maharana of Udaipur, the Vice-President, His Highness the Maharaja of Jodhpur, presided at the first meeting which was well attended, seven Ruling Princes being present. At the latter meeting which, as both the President and Vice-President were unable to be present, was presided over by His Highness the Maharawat of Partabgarh, the Council elected His Highness the Maharana of Udaipur and His Highness the Maharaja of Jodhpur, President and Vice-President of the Council respectively for the coming year with effect from August 26th, 1934. General Council.

At the same meeting His Highness the Maharaj Rana of Dholpur, His Highness the Maharaja of Jaipur, His Highness the Maharaja of Kishengarh, His Highness the Maharawat of Partabgarh, and K. Chandra Sen of Knnadi, representative of the Old Boys' Association, were re-elected to the Working Committee for 3 years in accordance with the Constitution with effect from August 26th, 1934.

Of the nominated members of the Council Major G. L. Betham, C.I.E., M.C., took the place of Mr. E. C. Gibson, C.I.E., I.C.S., as representative of Ajmer-Merwara and Mr. A. C. Lothian, C.I.E., I.C.S., Resident at Jaipur and the Western States of Rajputana replaced Mr. D. G. Mackenzie, C.I.E., I.C.S., as the Political Officer of Rajputana.

In April during Mr. Lothian's officiating tenure of the post of the Agent to the Governor-General in Rajputana Lt.-Col. H. M. Wightwick, I.A., Political Agent, Haranoti and Tonk, took his place temporarily on the General Council and Working Committee.

The Working Committee held two meetings *viz.*, on November 29th, 1933 and April 16th, 1934 and at the latter His Highness the Maharaj Rana of Dholpur was re-elected Chairman for the next 3 years with effect from August 26th, 1934. Working Committee.

The proceedings of the various meetings are published in full in Appendix A and B of this report.

2. Finance.—Details of Receipts and Expenditure of the various College funds are given in Appendix C. The following is a condensed statement :— Receipts and Expenditure.

				Rs.	Rs.
Total income	2,22,320
<i>Deduct</i> —Abnormal non-recurring receipts.					28,905
Normal income		1,93,415
<i>Add</i> —Loss of normal income due to rent in Government grant.					3,650
Nett normal income		1,99,065
Total expenditure	1,80,569	
<i>Deduct</i> —Abnormal non-recurring expenditure	6,480	
Nett normal expenditure		1,74,089
Surplus of normal income over normal expenditure...					24,976

Out of the working surplus of the Mayo College Fund a sum of Rs. 20,000/- was invested for the second year in succession and it has thus been found possible to increase the endowment of the College in this manner by Rs. 40,000/- in the last two years.

Another satisfactory feature of the financial working of the College during the year was that for the first time for several years the Post-Diploma fund showed a surplus of income over expenditure. This was due partly to an appreciable rise in the number of Post-Diploma students resulting from the revised 4 years course and partly to the savings effected by the non-employment of outside tutorial assistance which is no longer necessary.

Jubilee Endowment Fund.

3. **Special Funds.**—A less satisfactory feature is the progress of the Jubilee Endowment Fund which only increased by Rs. 5,750/- during the year by a number of subscriptions varying from Rs. 100/- to Rs. 2,000/-. The Fund therefore stands at present at Rs. 3,48,000/-. This is less than half of what is needed to make the College fully secure against the uncertainties of the future and it is very much to be hoped that the further appeal, which the General Council requested His Highness the President to make, will meet with response, if not in the immediate present, in the near future when it is hoped that economic conditions in India will have improved.

Fanshawe Memorial Fund.

At the request of the General Council, His Highness the Maharawal of Dnnagarpur was good enough to collect subscriptions for the Fund opened in the previous year to perpetuate the memory of the late Mr. Fanshawe in the College. The donations raised by His Highness amounted to nearly Rs. 2,000/- and further subscriptions promised or paid at the time of the Prize-Giving and Old Boys' Gathering and since then have now brought the fund to over Rs. 4,000. In accordance with the decision of the General Council part of this sum will be utilized to found a History and Geography prize in Mr. Fanshawe's name and part to convert the present old large-sized Squash Racquets Court into two new standard-sized Courts which are now being constructed and will be ready next term.

Waddington Memorial Fund.

Another fund was started during the year to provide a suitable memorial of the great services to the College of Mr. C. W. Waddington, M.A., C.I.E., M.V.O., Principal 1903-1917, and His Highness the Maharaj Rana of Dholpur was asked by the General Council to collect subscriptions for the purpose. It was decided that out of the money received a portrait of Mr. Waddington should be painted and hung in the College Hall and the disposal of the balance be settled by the Council later. His Highness the Maharaja of Jodhpur opened the fund by a munificent donation of Rs. 1,000 and other subscriptions are in the course of collection by His Highness the Maharaj Rana of Dholpur.

A great need of the College is a suitable Guest House. The rooms in the Bikaner Pavilion used in the past occasionally to accommodate visitors are often wanted as changing rooms for Oriquet, and naturally less comfort and privacy are available in that building than would be provided by a separate House which could be built between the Jodhpur and Ajmer Houses. The more visits the College can receive from its Old Boys and all interested in its welfare the better, but at present the accommodation of such visitors is a difficult problem and I feel that this lack of accommodation deters visitors. If therefore the Waddington Memorial Fund could prove of assistance towards meeting this need, it would, I think, be expended in a very fitting manner.

New Temple.

4. **Buildings.**—The plans for the new Temple were finally approved by the Working Committee at their meeting in November and construction was authorized on a site South of the Main Building, facing the junction of the road from the Main Building to the Jaipur House with the Inner circular road. The Temple is at present in course of erection and should be completed by the end of the Rains. Its construction will meet a long felt want. The present Temple is in itself an unsuitable building unworthy of the College and its situation in a far corner of the College grounds at a distance from every Boarding House except one entails much delay in coming and going.

The College Hall.

During the year steps were taken to add to the decoration of the College Hall by the placing on the walls of shields of the Coats of Arms of Ruling Princes connected with the College. A number of Ruling Princes were good enough to agree to defray the cost of these, and they are being prepared in the Railway workshops. At present one, that of His Highness the Maharana of Udaipur, has been completed while others are in course of construction and I hope shortly to have in the Hall shields of the Coats of Arms of all the Ruling Princes connected with the College.

5. **Grounds and Gardens.**—In the summer vacation of 1933 a further portion of the Nasirabad road through the College grounds was fenced in and new unclimbable fencing was put up on the South-west side of the College compound adjoining the Nagra village. These steps enabled the South-west portion of the College grounds to be kept private, and, with the removal of the Riding school from its former site to outside the Police Chowki Gate and the levelling of the surrounding land which had formerly been held by tenant farmers, the whole of the area is now available and is used for riding instruction, and also provides sufficient space for aeroplanes to land.

On the north side of the road to the Alwar Gate the ground between that road and the Sanitarium was levelled and made into a full-sized football ground which was named the Waddington ground in honour of Mr. Waddington, whose skill at football may be remembered by some readers of this report. The provision of this ground, which is used by the two senior divisions, has made it possible to have separate grounds for Football and Cricket for all games divisions and Cricket pitches no longer have to suffer from Football being played on them. Small Cricket Pavilions are in course of erection on the Alwar and Udaipur grounds and these will give much needed shade.

The sale of unwanted plots of land on the North-west side of the College compound was completed during the year but legal disputes between the owners and their tenants still prevent the College from taking over on the land to be acquired on the South-East boundary.

The various gardens were judged for the Lady Willingdon Cup by Mrs. Ogilvie and Mr. Cotesworth in February, and there was a close competition for first place between the Jaipur and Jodhpur Houses, the cup going to the former by a narrow margin. The gardens were creditably maintained throughout the year and, in spite of the damage done by frost shortly before the judging for the Cup, earned a very favourable report from the judges, especially with regard to neatness.

6. **Staff.**—In September the College suffered a great loss through the tragic death from a motor accident of Mr. G. H. Tidswell, B.A., (Oxon), the new 3rd English Assistant Master. Mr. Tidswell joined the College in July and in the short time he was here won the respect and affection of all with whom he came in contact. His character and social gifts in addition to his intellectual and athletic abilities would have made him a most valuable member of the staff and his death was a great loss to the College. The extent to which he established himself in the College during the brief connection with it is evidenced by the fact that the boys immediately after his death subscribed to present a handsome Football Challenge Cup in his memory. During the remainder of the school year Mr. H. K. Kefford, B.A., Guardian to the Dundlod Knmars, temporarily took his place on the staff and a permanent successor, whom I have been deputed by the working Committee to select this summer in England when I go on leave, will join next term.

Obituary.

The College suffered another loss through the sudden death from heart-failure in September 1933, of Pt. Brahma Datta Shastri, who had been Religious Instructor and Sanskrit Master since 1926 and had rendered unremitting service.

A Sub-Committee consisting of His Highness the Maharaja of Kishengarh, Rao Bahadur Thakur Onkar Singh of Bagsuri and Dewan Bahadur Pt. K. L. Paonasker, M.A., C.I.E., was appointed by the Working Committee to recommend a successor and on April 16th, Pt. Parshotam Shastri was appointed, temporary arrangements having been made meanwhile for the carrying out of the duties of the post.

Religious Instructor.

Col. Howson was on leave during the Rains term in continuation of the Summer vacation, and during the year therefore the permanent English staff at the College remained at 3, except during the last month of the School year when it was reduced to two only as Mr. Ritchie the Vice-Principal had to proceed to England in April on Medical Certificate.

English Staff.

Consequent on the retirement of Mr. L. G. Sathé, whose services were subsequently recognized by Government by the very well deserved award of the title of Rao Sahib, Mr. M. N. Kapoor was appointed junior member of the Indian teaching staff on probation and Pt. Shyam Sunder Sharma was selected by the Working Committee for the post of Senior Indian Assistant, School Section.

New Appointments.

Retirement of Khan
Sahib Guffar Hussain
A. Salyad.

Of the Post-Diploma staff Khan Sahib Guffar Hussain A. Saiyad is due to retire in June and the year under report will therefore be the last of his long connection with the College. Joining the College staff in 1904 the Khan Sahib was transferred to the Post-Diploma section in 1920 and has been for 14 years Senior Indian Assistant on the Post-Diploma side. During his career at the College he has rendered valuable service both inside and outside the Class room and in the athletic side of the College, especially in the Cricket field first as an active player and later as a coach, and a farewell party and address given to him by the staff and boys at the end of the school term were only a fitting tribute to his services and personality.

Cricket Instructor.

A new appointment during the year from which I hope good results in the future was that of a special Cricket Coach in place of the former Games Superintendent, Mr. Doss, who was not a cricketer. The Mayo College has had from early days a cricket reputation which it was in danger of losing in more recent years owing to the lack of a wholetime qualified instructor, and cricket I think has justly been regarded as the most important school game here. With the approval of the Working Committee, therefore, it was decided to appoint a Cricket Coach from January and Mr. Gopal Das Advani who has had considerable experience of first class cricket in India, was selected for the appointment on probation.

Provident Fund.

The Provident Fund mentioned in my previous report for members of the superior Indian staff not enjoying the status of Government servants was introduced at the beginning of the financial year and there are now 9 subscribers. In addition contracts for 5 years were entered into with all non-Government servants on the staff.

English Guardians.

The number of English Guardians at the College was increased to seven by the arrival of Mr. A. W. Forbes, Guardian Tutor to the Minor Chief of Khairagarh, Eastern States Agency, and I take this opportunity of expressing my obligation for the valuable assistance all the English guardians have been good enough to render in all the varied activities of the College.

7. The College Roll.—A satisfactory feature of the year has been a further rise in the College roll. When the previous School-year closed in April 1933 there were 129 boys on the roll. Fifteen boys left during the summer vacation and six others at various times during the year under report. On the other hand thirty-eight joined the College during the year and the roll therefore stands at present at 146. Details of Admissions and Withdrawals and a distribution statement of the College roll to date are given in Appendices E. and F. respectively. It will be noticed that of the new recruits twenty-nine came from Rajputana and nine from outside, and of the former most were contributed by the Jodhpur State with eight, Jaipur State coming next with seven. The admissions included recruits from the Dholpur, Dungarpur, and Jhalawar States which had not been represented at the College for some time, and at present Karanli, Jaisalmer, Kishengarh, and Sirohi are the only Rajputana States without boys at the College.

Of the total number of boys at present on the roll 115 belong to Rajputana and 31 come from other parts. Of the former Jaipur is the most strongly represented with twenty-five boys, Kotah next with sixteen, and Jodhpur with fourteen. The boys from outside Rajputana hail from a variety of areas including the Punjab States Agency, Delhi, the United Provinces, Bengal, Assam, the Eastern States Agency, the Western States Agency, and Central India, and give the College a marked cosmopolitan aspect.

Improvements in
Colvin House.

8. Boarding-House Arrangements.—Various minor improvements in the accommodation of Post-Diploma students were effected in the Colvin House during the year. Nearly all the rooms were provided with wire-gauze doors and windows, the electric installation was improved, the Tennis Court was repaired and brought back into use, while a special cricket net for Post-Diploma students was made adjoining the Court. Towards the end of the school year it was, I am glad to say, found possible to start a Common Mess in this house. At present the Mess is confined to only a portion of the boys in the House but I hope next year it will extend to all.

Improvements in
School Houses.

A number of minor structural and other improvements, for which in some cases special grants were generously made by the Durbars concerned, were made in the School

Houses during the year. These include:—in the Udaipur House the fencing in of the back premises, the provision of sun blinds in the front of the upstairs storey of the House, and the addition of sliding door almirahs in each dressing room; in the Alwar House the repair of the Well, the restoration of the Tennis Court the erection of a front gate; and the construction of an upper storey bath room, in the Jaipur House the re-wiring of the Electric Installation, the putting in of wire-gauze doors and windows in the North and Western blocks of quarters, and the provision of a special Recreation room; in the Bharatpur House additions to the Menials quarters; in the Kotah House the provision of a Mess room; and lastly the construction of adequate-sized sanitary Mess kitchens in the Ajmer, Jodhpur, Tonk, and Bharatpur Houses.

A vegetable and fruit shop under the supervision of the College Doctor was opened in the College premises in March and has proved satisfactory.

During the year—and this is I consider one of its most satisfactory features—it was found possible with the consent of the parents and guardians and the State authorities concerned to extend the *Common Messing system* to 4 more School Houses, viz., the Jodhpur, Kotah, Bharatpur, and Ajmer Houses, and the Common Mess system now prevails in all the Boarding Houses of the College except the Bikaner, Alwar and Udaipur Houses, while in the last named a number of boys while still retaining their own kitchens eat together in a Common Hall. Suitable kitchens were provided where they were not available before in the Houses concerned by the conversion of two or more existing kitchens into one big kitchen with the necessary hygienic facilities, and the common Hall became a Mess Room. Each Mess is carefully supervised by a committee including representatives of the boys themselves and is under the direct supervision of the House Master and Motamid. I have to thank the House Masters for the care taken by them not only in working out the preliminary arrangements but also in watching the conduct of the Messes, and I hope that as a result this most important feature of School life will take firm root at the College.

Common Messing.

With the roll standing at 146 a number of Boarding Houses are now full or almost so and in one house the provision of extra accommodation has been decided. The Jodhpur Durbar have generously agreed to build an additional block of quarters with the necessary servants' quarters and sanitary arrangements as an extra wing to the present building and the extension is expected to be ready by next term.

Jodhpur House Extension.

9. Instruction.—In my report for 1932-33 I spoke of the need to widen the outlook of boys and to encourage interests which might be of service in after-life and of the measures therefore contemplated to encourage Private reading and Special activities. These measures were introduced at the beginning of the school year. A special Post-Diploma Library was started in the Jhalawar House, while in the School each Class room was provided with a Class library of books, both English and Vernacular, specially selected for the Class. Periods during the weekly school time-table were set apart for Silent Reading while boys were allowed to borrow books from their Class library to read out of school. In addition the College library was reorganised both as to its furniture and contents, and special times were fixed for the taking out of books with a master present always to help boys in their selection, while the Libraries in many of the Boarding Houses were enlarged. The result has been an encouraging increase in private reading.

Libraries and Private reading.

The other step referred to was the introduction of Special Activities and Hobbies. One afternoon a week was set apart for these in the time-table and each boy in the school was allotted two to be practised each week while in the case of Post-Diploma students they were voluntary. As far as possible boys were given the Hobbies they asked for out of the list which comprised:—for Seniors, Horse and Stable Management, Motor Instruction, Photography, Typewriting, Drawing and Painting, Map Drawing, Carpentry and Scientific experiments; and for Juniors, Horse and Stable Management (elementary), Gardening, Carpentry, First Aid and Elementary Hygiene, Drawing and Painting, Map Drawing, Paper Modelling and Meccano. Each of the above was placed under the special supervision of a member of the staff. For Carpentry and Motor Instruction the rooms near the P. W. D. office building hitherto used by the College carpenter as his shop and godown were utilized. One of the two rooms was fitted up with benches and tools for carpentry instruction, while in the other the chassis of an old car presented sometime ago by the Jaipur Durbar was mounted for theoretical

Special Activities and Hobbies.

motor instruction, while a Sunbeam car specially given by His Highness the Maharaja of Jodhpur was used for driving instruction. On the whole, while some have been naturally more sought after than others, Hobbies have proved popular as well as instructive and, now that a start has been made, I hope next term to arrange for them to be carried on outside as well as in the regular time-table.

Post-Diploma.

The number of Post-Diploma students during the year was twenty-nine of whom eighteen were in the Intermediate section of the new 4 years course and eleven in the Final. Both the two years of the Intermediate section and of the Final section were sub-divided for certain subjects and an additional class-room was provided in the Jhalawar House. All the Post-Diploma class-rooms in the Jhalawar House were refurnished and provided with pictures and fans and the teaching accommodation for Post-Diploma students is now satisfactory.

School Classes.

The increased number of boys and the variety of standard necessitated the maintenance of 10 classes and the bifurcation of the two top classes for certain subjects, and the teaching resources of the College were therefore taxed to the full throughout the year. Apart from the introduction of periods for Silent Reading and the Special Activities mentioned above, the only important changes in the curriculum were, on the advice of the Educational Commissioner with the Government of India, the omission of Drawing in the Senior Classes and the dropping of Nature Study as a separate subject. Otherwise the curriculum and the class work done, details of which were given in my previous report, were the same as in the previous year.

Examinations.

4 candidates appeared for the Higher Diploma Final Examination in April, 6 for the Higher Diploma Intermediate Examination, and 8 for the Diploma Examination. The results of the Examinations have not yet been received. The Diploma class was not of a high standard this year and their preparation was handicapped both by absence and an abnormally short school year, and I do not expect any remarkable results.

Inspection.

In February 1934, the College was inspected on behalf of the Government of India, Foreign and Political Department, by Sir George Anderson, Kt., C.S.I., C.I.E., Educational Commissioner with the Government of India and Captain D. G. H. de la Fargue, Secretary to the Hon'ble the Agent to the Governor-General in Rajputana, but their report has not yet been received.

Holidays and Leave.

The normal length of the school-year counting regular holidays in term-time at the Mayo College is 244 days. During the year under report it contained only 226 days owing to the number of extra holidays granted at the instance of distinguished visitors and on certain special occasions. These extra holidays, added to the generous number of fixed holidays during term time and the frequent periods of absence in individual cases owing to family ceremonies, unduly handicap instruction. A further handicap is the almost complete cessation of intellectual activity on the part of the majority of boys during the vacations with the result that the first part of each term is occupied in trying to regain the ground lost in the holidays. Efforts were made to counter this to some extent by the setting of light Holiday tasks for the Senior classes during the X'mas holidays which for the reasons stated above were specially extended, but the result was not a success in most cases. For all practical purposes the College usually has to get a year's instruction into 234 days and it is a difficult task. The matter engaged the attention of the Working Committee at their meeting in April and a resolution, a copy of which will be found with the proceedings of the Committee in Appendix B, was passed on the subject.

Riding.

10. Physical Training and Athletic Activities.—The College Squadron numbered 41 against 36 in the previous year and I should like to see this total considerably increased. Expense is a handicap in many cases, but the cost of riding at the College is kept as low as possible and, apart from the historic association of the Rajput with horsemanship, the training given I think well repays the expenditure. The College entered as usual for the Rajputana Polo Tournament and for the Kotah Cup Polo Tournament. It was hoped to put in at least 2 teams for each of these Tournaments but sickness and mishaps to ponies made it impossible to raise more than one team in either competition, and on neither occasion was the College fully represented. The resulting defeats in both Tournaments were therefore not unexpected.

The usual competitions were held in April and were judged by Captain A. G. S. Alexander, C.I.H., Assistant Military Adviser, Rajpntana State Forces. The report of the judges indicated a satisfactory general standard of riding.

Games.—A very handsome challenge shield for the annual Tournament with the Daly College was generously presented by His Highness the Maharaja of Kishengarh and was won this year convincingly by the Daly College at Indore. Each College has therefore won the competition twice and on each occasion the home team has won by a substantial margin. In the last competition the Mayo College failed to win any of the five events, but the Tennis and Squash matches were closely contested and were only lost by a small margin, while an accident to one of the team on the day of the competition destroyed all chances of success in the Athletic sports.

Daly College Tournament.

Cricket has been played with considerable keenness and the general standard is improving, especially in the case of the junior half of the school in which there is a number of really promising players. The leg-theory controversy found its echoes in the College and a certain enthusiast tried to emulate Larwood in a House-match with the result that he was hit for 26 in one over. Since then more normal types of bowling have prevailed. Enthusiasm for cricket was stimulated by the visit of the M. C. C. team who played their match in November against Rajpntana on the College ground. An Old Boy of the College, H. H. the Maharawal of Dungarpur, captained the Rajpntana team and the side included a present boy of the College, Rao Himmat Singh of Garhi, and a member of the staff, Mr. Dan Mal, both of whom justified their selection.

Cricket.

M. C. C. Visit.

Various improvements were made on the Central cricket ground during the year.

Central ground.

In addition to two terraces on the West side and a big scoring board on the North side constructed at the expense of the Rajpntana Cricket Association at the time of the M. C. C. match, a low wall and Scorers' shelter have recently been built on the East side while the dressing rooms of the Bikaner Pavilion have recently been done up and refurnished.

The turf has given considerable trouble and will be specially treated in the vacation and during the Rains.

I had hoped that a considerable and lasting improvement in the standard of football would result from the addition to the staff of Mr. Tidswell who was an Association Football Blue at Oxford for two years. Mr. Tidswell's tragic death prevented these hopes from being fully realized, but during the short time he was at the College his skill and enthusiasm produced very appreciable results which I hope will be maintained by his successor next term. Personally I regard Football as a better school-game than Hockey and I should like to see it equal Hockey in popularity in the Mayo College.

Football.

Hockey continues at the present to be the most popular game at the College, and the general standard is quite fair. For the second year in succession the School XI won the Gibson Cup defeating the Government High School in the final, while the College XI, which was not at full strength, put up a creditable fight against the Essex Regiment in the Gibson-Fraser Cup.

Hockey.

The usual Inter-House competitions in all the forms of athletic activity practised at the College were held in March and April and as in the previous year resulted in a victory for the North Houses. With the appointment of a third English Assistant I hope next year to organize the Boarding Houses of the College in three groups instead of two, and consequently, if present numbers are maintained, three groups of Houses will compete in the Inter-House events. This will enable practically every boy to do something for his group in one of the 4 Divisions and should produce additional keenness.

Inter-House competitions.

The Inter-House Athletic Sports were held in March and produced plenty of enthusiasm if no exceptional performances but for one boy in the 3rd Division who jumped nearly his own height in the High jump.

Physical Training and Drill were conducted on the usual lines. Training was handicapped by the failure to secure a suitable Assistant Physical Training Instructor,

Physical Training and Drill competition.

but the boys who took squads did creditable work. During the absence of Mr. Ritchie at the end of the year Mr. Meade, Guardian to S. Ismail Ali Khan of Tonk, was good enough to undertake general charge of unmounted Morning Parade. The Physical Training competition for the Bharatpur Cup was held in April and the competing squads were judged by Captain W. L. Clarke, M.B.E., Commandant, K. G. R. I. M. School, Ajmer.

Swimming.

The presence of an expert swimmer on the staff in the person of Mr. M. N. Kapar has led to an appreciable rise in the popularity and standard of swimming. Various minor improvements to the Swimming Bath have recently been undertaken and will be completed by next term.

Rifle Shooting.

Shooting instruction on the Miniature Range has gone on as usual and has been facilitated by the provision of new targets.

Boxing.

Arrangements have recently been completed to start Voluntary Boxing classes next term.

11. Health.—The health of the College was well maintained on the whole during the year. The only serious cases of illness were one of Bacillary dysentery, one of Measles, three of malignant types of Malarial fever, and one of Enteric fever, but there was an unprecedented series of Fractures of the Elbow, Radius and Collar bone—seven in all and all on the left side.

In February there was a wave of Influenza in Ajmer but special precautions enabled the College to escape lightly.

A new and improved measure of Medical supervision was the introduction of a systematised personal medical history of each boy, which has proved useful.

A special feature of sanitation was a thorough survey of the College grounds to detect breeding places of mosquito larvae responsible for Malaria and a consequent campaign against the disease with satisfactory results.

As usual Rai Sahib Dr. Dina Nath Sharman, Resident Medical Officer, has worked most assiduously.

Prize-giving and Old Boys' Gathering.

12. Noteworthy Events.—The Prize-Giving and Old Boys' Gathering took place on November 28th and 29th immediately after the M. C. O. Match. The special attraction of the latter appreciably helped to swell the attendance which was, with the exception of the Jubilee celebration, I believe, a record, comprising as it did 13 Ruling Princes and Her Highness the Maharani of Cooch Behar and 95 Old Boys. The President of the General Council, His Highness the Maharana of Udaipur, presided at the Prize-Giving ceremony a full account of which has appeared in the College Magazine to which most readers of this report are subscribers. On November 29th, matches between Past and Present were played at Polo, Cricket, Tennis, and Squash, and resulted in a victory for the Past.

Visit of English Public School Boys.

In February the party of English Public-School boys touring India under the auspices of the Empiro School Tours Association visited the College. After steeing over the College in the morning they were entertained to lunch by the English Staff and Guardians after which they played and lost to the College at Cricket and also played Tennis and Squash with the boys. In the evening the Post-Diploma students entertained them to an Indian dinner in the Calvin House.

Distinguished Visitors.

A number of distinguished visitors, as in the previous year, visited the College during the year at the time of the Prize-Giving and on other occasions and included the following:—

- His Highness the Maharana of Udaipur.
- His Highness the Maharaja of Jodhpur.
- His Highness the Maharaja of Jaipur.
- His Highness the Maharawat of Partabgarh.
- His Highness the Nawab of Tonk.
- His Highness the Maharaja of Bundi.
- His Highness the Maharaja of Kotah.
- His Highness the Maharaja of Kishengarh.
- His Highness the Raja of Tehri-Garhwal.

His Highness the Maharaja of Panna.
 His Highness the Maharaj Rana of Dholpur.
 His Highness the Maharawal of Dungarpur.
 His Highness the Maharaja of Manipur.
 His Highness the Maharaj Raj of Dhrangadhra.
 The Rajadhiraja of Shahpura.
 The Maharana of Danta.
 Her Highness the Maharani of Cooch Behar.
 The Hon'ble Lt.-Col. G. D. Ogilvie, C.S.I., C.I.E., Agent to the Governor-General,
 Rajputana.
 F. V. Wylie, Esqr., C.I.E., I.C.S., Prime Minister, Alwar State, Alwar.
 Lt.-General Sir George Jeffreys, D., K.C.B., K.C.V.O., C.M.G.
 Mr. C. W. Waddington, C.I.E., M.V.O.

13. Honours.—The following honours were gained by Old Boys and others connected with the College during the year:—

G. C. I. E.

1. H. H. Nawab Hafiz Mohammad Saadat Ali Khan, Nawab of Tonk.

K. C. S. I.

2. H. H. Maharaja Chura Chand Singh, C.B.E., Maharaja of Manipur.

C. I. E.

3. E. C. Gibson, Esqr., I.C.S., Agent to the Governor-General, Eastern States.
4. A. C. Lothian, Esqr., I.C.S., Resident, Jaipur and the Western States of Rajputana.
5. Major G. L. Betham, M.C., Commissioner, Ajmer-Merwara.

RAO SAHIB.

6. Mr. L. G. Sathe, Retired Senior Indian Assistant Master, School Section.

In addition to the above Apji Randhir Singh of Koela, holder of the Maharaja Hari Singh Scholarship and the first Mayo College boy to pass by competitive examination into Sandhurst, passed out 7th on the list and gained the Norman Gold Medal by heading the list of Indian Cadets. 4. Kanwar Chandra Sen of Kunadi.
5. V. A. S. Stow, Esqr., M.A., I.E.S., V.D.—*Secretary*.

1. The Committee sanctioned a re-appropriation statement of the Mayo College fund for the year 1932-33, submitted by the Secretary.

2. The action taken by the Secretary on the advice of the Financial Adviser to the College in the re-investment of certain College funds was confirmed.

3(i). The meeting considered and approved the Revised Budget estimates of the current financial year, *viz.*, 1933-34 of:—

- (a) Mayo College Fund.
- (b) Post-Diploma Course Fund.
- (c) Play and Medical Fund, and Games and Stationery Fund.

(ii) The meeting considered and approved the Budget estimates for the year 1934-35 of:—

- (a) Mayo College Fund.
- (b) Post-Diploma Course Fund.
- (c) Play and Medical Fund, and Games and Stationery Fund.

4. A revised plan and estimate for the construction of the New Temple prepared in accordance with the Resolution No. 3, dated the 5th December 1932, was examined and it was resolved :—

- (a) that the revised plan and estimate be approved with the addition of provision for electric lighting.
- (b) that the Temple be constructed facing east at the junction of the road from the main building to the Jaipur House with the inner circular road.
- (c) that construction work be started forthwith.

5. The meeting confirmed the action taken by the Chairman in sanctioning :—

- (a) A telephone connection to the Vice-Principal's House.
- (b) The application of Lt.-Col. G. Howson, English Assistant Master for leave in continuation of Summer vacation of 1933.

6. It was resolved that in view of Col. Howson having been debarred from utilising the balance to his credit in his passage account owing to his retirement with retrospective effect the Passage contributions paid by the College from 5th April 1931 to 31st March 1932 and recovered from Government be paid to him.

7. The meeting considered certain questions in connection with the Indian staff and resolved :—

- (a) that the application of Mr. L. G. Satho, Senior Indian Assistant Master, for 3 months and 12 days' leave preparatory to retirement and permission to accept another post during the period of his leave be granted
- (b) that Pt. Shyam Sunder be selected for the appointment of Senior Indian Assistant Master in the School section in place of Mr. Sathe in the Senior Assistant's grade of 375-25-500.
- (c) that after consideration of Mr. Harcharan Das' application for promotion to the senior grade of Rs. 270-26-400 the Committee regret that they cannot entertain his application and that the vacancy in that grade remain unfilled for the present.
- (d) that Messrs. Danmal and Vidya Sagar Bhatia appointed on one year's probation with effect from July 1st, 1932, be confirmed with effect from 1st July 1933 in the grade of Rs. 150-25-250.
- (e) that in accordance with the new rules governing the non-Government staff, contracts for a period of 5 years including the year on probation, be entered into with the above two masters.

8. The teaching arrangements made by the Principal during the absence of Lt.-Col. G. Howson were confirmed.

9. The meeting confirmed the action taken by the Chairman in appointing the late Mr. G. H. Tidswell as Third English Assistant Master on probation in anticipation of the sanction of the Committee.

10. The Committee confirmed the provisional arrangements made by the Principal consequent on the death of Mr. Tidswell, and authorized the Principal to select a new English Assistant Master in place of the late Mr. Tidswell on the same terms on one year's probation.

11. The question of the maintenance of the electric service line of the College was considered and it was resolved :—

- (a) that in view of the fact that the line is the property of the College and the occupiers of College Houses pay rent for the installation, the cost of the

leakage in the line since July 1933 be borne by the College and not charged to consumers.

- (b) that for the future, an agreement be made with the Ajmer Electric Supply Co., Ltd., for the maintenance of the line in the College.

12. Letters received from the Imperial Bank of India, Ajmer Branch, regarding the accounts with the Bank were read and the following resolutions were passed :—

- (1) "That the Imperial Bank of India be and are hereby appointed Bankers to the Mayo College, Ajmer, General Council."
- (2) "That all cheques on the banking account be signed and all bills, notes, and other negotiable instruments be drawn, accepted, and made on behalf of the General Council by the Secretary of the Working Committee."
- (3) "That cheques, bills, notes, and other negotiable instruments payable to the General Council may be endorsed for the General Council by any one or more of the persons mentioned in Resolution No. 2 or by the Secretary of the General Council for the time being."
- (4) "That a copy of these Resolutions signed by the Chairman, be handed to the Bank, together with specimens of the necessary signatures."

13. A letter from the Financial Adviser regarding the re-appropriation of College accounts was read and it was resolved that the Secretary be authorised to make re-appropriations in the sub-heads of the Mayo College Fund, Post Diploma Course Fund, Play and Medical and Games and Stationery Fund accounts, subject to the confirmation of the Working Committee.

14 (a). The Committee considered the question of the grant of a compassionate allowance to the family of the late Pandit Brahma Datta Shastri and resolved that as a special case, in view of the fact that the original terms of his appointment included the purchase of an annuity which had not been bought and that he had not long enjoyed the benefit of the College Provident Fund, a compassionate grant of Rs. 500/- be sanctioned.

(b) It was resolved that a Sub-Committee consisting of His Highness the Maharaja of Kishengarh, Diwan Bahadur K. L. Paonasker, and Rao Bahadur Thakur Onkar Singh of Bagsuri be appointed to make recommendations to the Committee regarding the selection of a new Religious Instructor in place of the late Pandit.

15. It was resolved that in view of his particularly good record at the Royal Military College, Sandhurst, the Maharaja Hari Singh Scholarship be reawarded to Apji Randhir Singh during the current year with effect from 1st April 1933.

16. An application from the Raja of Awagarh for a reduction of fees for his boys was considered and it was resolved that the matter be postponed pending the receipt of information asked for as to the grounds on which reduction is claimed.

17. The Committee resolved that, in view of the importance of securing a competent Cricket Coach for the College, a qualified cricket instructor be appointed with effect from the next term on a salary up to Rs. 200/- per month; in place of the present Games Superintendent.

18. It was resolved that the question of replacing the present Modi system by a College Storo be postponed to the next meeting.

19. The meeting concluded with a vote of thanks to the Chair.

Proceedings of the Meeting of the Working Committee of the Mayo College, held on
16th April, 1934, at Jaipur.

PRESENT.

His Highness the Maharaj Rana of Dholpur—*Chairman.*

His Highness the Maharaja of Jaipur.

His Highness the Maharaja of Kishengarh.

Lt.-Col. H. M. Wightwick, I.A., Political Agent, Haroti and Tonk.

V. A. S. Stow, Esqr., M.A., I.E.S., V. D.—*Secretary.*

1. His Highness the Maharaj Rana of Dholpur was unanimously elected Chairman of the Working Committee of the Mayo College in accordance with the Constitution for the next 3 years with effect from 26th August 1934. His Highness accepted the election.

2. It was resolved that the services of Lt.-Col. G. Howson, C.I.E., M.C., English Assistant Master be formally re-engaged on his existing pay for a period of 6 years with effect from the introduction of the new Constitution, *viz.*, from April 1931 to April 1937.

3. The Committee endorsed the arrangements approved by the Chairman for the conduct of office work during the absence of the Principal during the ensuing summer vacation to the effect that Pt. Shyam Sunder, Indian Assistant Master of School section, be placed on duty to supervise routine office work during the vacation and that all important papers be referred to the Principal in England by Air-Mail.

4. The Committee considered applications received for the vacancy due to occur shortly in the Post-Diploma staff of the College owing to the retirement of Khan Sahib Ghaffar Hussain A. Syed and resolved that, subject to a satisfactory interview, Mr. Ashfaq Hussain, B. A. (Oxon.) be appointed on one year's probation on Rs. 375/- p.m., with effect from 7th July 1934.

5. On the recommendation of the Principal, Mr. M. N. Kapur, Indian Assistant Master, at present on one year's probation, was confirmed with effect from 1st July 1934, on Rs. 150-25-250 and it was resolved that a contract on the usual lines for a term of 5 years be concluded with him.

6. With reference to Resolution No. 14(b) dated 29th November 1933, the report of the sub-committee appointed to make recommendations for the post of Religious Instructor was considered and it was resolved that Pt. Purshottam Shastri be appointed Religious Instructor on one year's probation with effect from 7th July 1934 on a pay of Rs. 100/- p.m.

7. The Committee considered applications received for the award of the Maharaja Hari Singh Scholarship for the year 1934-35 and, on the recommendation of the Principal, resolved that subject to the approval of His Highness the Maharaja of Jammu and Kashmir the Scholarship be awarded to Bhanwar Gajendra Singh of Kunadi for one year in the first instance from April 1934.

8. The question of the maintenance of the College electric installation and letters on the subject from the Ajmer Electric Supply Co., Ltd., and the Rajputana Electric Works, Ajmer, were considered and it was resolved that, provided they keep a qualified whole-time resident Mistry in the College, the tender of the Rajputana Electric Works for the supervision and upkeep of the College electric installation be accepted.

9. In accordance with Resolution No. 11 (b) dated the 29th November 1933, the Committee examined proposals to replace the present Modi system by a College Store and it was resolved that the Committee approve in principle of the replacement of the present system by a College Store, that a detailed scheme be worked out, and that, if

financial conditions permit, they will consider later in the year the question of monetary assistance to the scheme. .

10. The Committee considered the question of the grant of leave to boys and holidays during term-time and resolved :—

- (a) that, while it is not possible to lay down any hard and fast rules for the grant of leave during term time, all applications for leave during term time, except in cases of extreme urgency, must be made through and recommended by the State authorities concerned, and that the State authorities be asked not to countenance any applications except those of urgent necessity.
- (b) that, with the approval of His Highness the President of the General Council, the number of regular holidays during term time, at present totalling 17 be reduced by the exclusion of Rakhi, Anant Chaudas, and Lunar Eclipse from the list and that His Highness the President of the General Council be consulted as regards further reductions.
- (c) that the number of extra holidays granted during the School year shall not exceed a total of 7 days.

11. In connection with the new accounts to be opened with the Imperial Bank of India, Ajmer Branch, in accordance with the new Constitution, the following Resolutions were passed :—

- (a) Resolved that the Securities belonging to the Mayo College, Ajmer, General Council be kept in Safe Custody of the Imperial Bank of India, Ajmer Branch, and that the Security Account be operated upon by resolutions of the Working Committee, Mayo College.
- (b) That the Interest collected on Securities of the Mayo College, Ajmer be credited to their Current Account operated upon by the Secretary of the Council.
- (c) That the Secretary be authorised to make investments of College funds and to purchase and sell securities on the advice of the Financial Adviser of the College, subject to the subsequent confirmation of the Committee.

12. Re-appropriation statements for the year 1933-34 of the Mayo College Fund, and Play and Medical and Games and Stationery Fund submitted by the Secretary were sanctioned.

13. The meeting considered an application for an extension of service from Pt. Shyam Sunder who is due to retire from service in September 1934, and resolved that, as Pt. Shyam Sunder was only appointed to the Post of First Assistant School Section on 1st December 1933 and to avoid dislocation of work during the absence of the Principal, Pt. Shyam Sunder be granted an extension of one year.

14. An application received of Mr. K. N. Doss, the late Games Superintendent was read and it was resolved that in view of the fact that Mr. Doss enjoyed the benefit of the College Provident Fund for only a part of his service of 3½ years he be granted a gratuity of one month's pay as a special case.

15. It was resolved that in view of the fact that one-third of the six months period of probation of Mr. Gopal Das M. Advani, Cricket Instructor, will consist of vacation his period of probation be further extended by 6 months up to January 1935.

16. The Meeting then closed with a vote of thanks to the Chair.
